# Management Statement

The success of Polaris company is dependant on mutual trust and confidence between itself and all its stakeholders including customers, business partners, employees, shareholders, and society at large. Our credibility is gained by adhering to our core values and our commitments holding ourselves to the highest standards of integrity, honesty and ethical conduct in all our business dealings, without any compromise.

Realizing such commitments is a shared responsibility of all our employees at all levels of our organization, whose joint efforts shall help strengthen accountability and transparency.

***Sincerely,  
Managing Director  
Mohammad Yassine***

# About

We believe that in creating a single path we create a sustainable social environment that enhances people's everyday life and with this core idea Polaris Trading and Contracting was established on August 2012, with headquarters in The State of Qatar as a high performance visionary and team oriented company specializing in Mechanical and Electrical works.

With three key principles, **Design-Sustainability-Quality** we executed more than 25 projects in Doha in the past years and are involved in 27 ongoing sites all over Qatar. We are very proud of our status as a Grade A MEP company, Kahramaa 1<sup>st</sup> Grade Company and we are on ASHGHAL's Approved Contractor since 2013 and ongoing.

***“We will lead our industry in terms of performance, professionalism and quality of work”.***

***“We believe in safety first. No activity is so critical that it cannot be done in a safe, well planned manner”.***

***“We take ownership in our work, approaching it with enthusiasm, energy and Drive”.***

***“We respect the privacy and confidentiality of Company matters”.***

## Our Vision

“Our Vision is to be a main contributor in the establishment of modern infrastructure networks in Qatar and the region and to be involved in the overall progression of Qatar’s vision and plan”.

## Our Promise

“Innovative solutions and products, tailored to our customer’s needs.”

## Our Mission

“Our mission is to continue providing quality services from design to execution of landmark Infrastructure projects and explore new market trends all while keeping an open dialogue with our most preferred and loyal clients.”

## Our Proposition

“A wide range of services(EPITC) backed up with extensive management expertise, puts Polaris in the unique market position of a full scope provider in the infrastructure field.”

## **Polaris Code Of Ethics**

Our code of ethics and commitment to our core values is considered our motto and our way of function in all our activities and it was updated, circulated and signed with immediate effect as of the 22<sup>nd</sup> of April 2019 to all of Polaris staff.

**Integrity Loyalty Growth Accountability Impact**

## Our Team

The success story of a company is the sum of the successful outcomes of its team members and their spirit of corporation, OUR team is our main pillar striving to achieve a common goal

## Manpower And Skills:

Polaris team consists of 500 members between site team and head office with varying skills and experience in the MEP world. We offer a wide range of services that gained us the reputation of a full scope Grade A MEP company,

**Site Team:** 430 members with more than 80 skilled Engineers, Foremen, QC and Workers

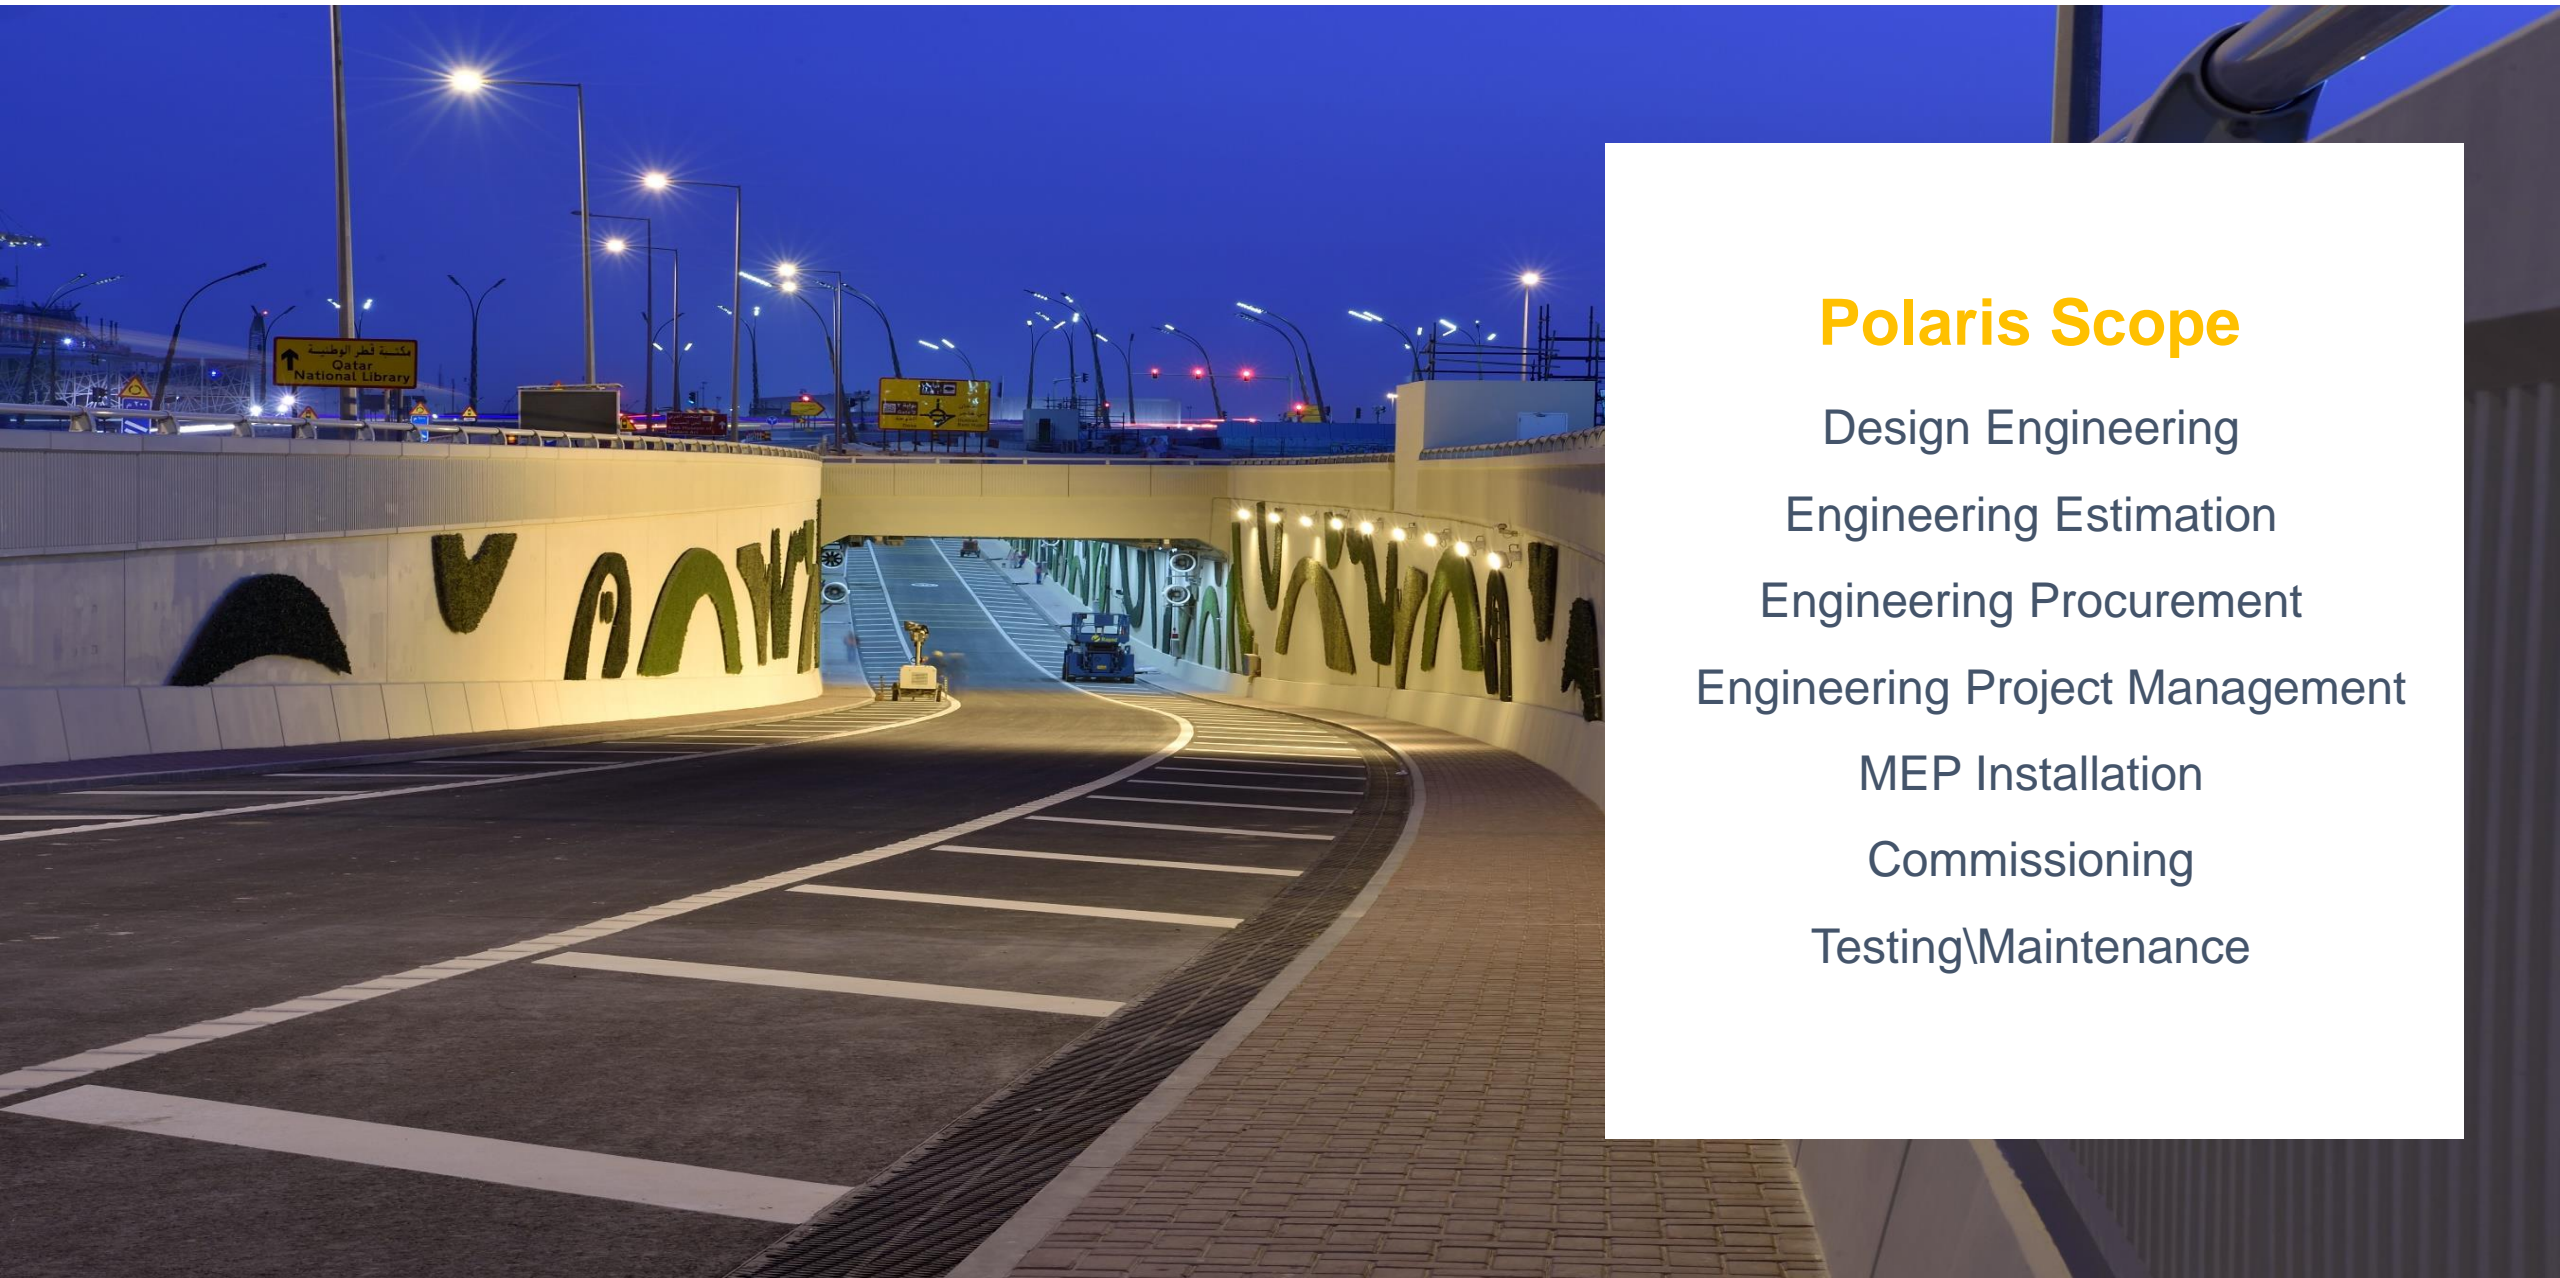

**Headquarters:** 70 staff members in different departments covering Design, Operations, HR, Finance, Document Control, Administration, Procurement, QA&QC, QS, Estimation and Communication

## Unique Facts:

Polaris is the only authorized company in Doha to for Tunnel Lighting Control System Testing and Commissioning

Our team has the only certified lighting design software in Doha - Dialux Evo

Our Design team attended regular trainings with our most reputable affiliations, ex. Schreder.

## Polaris Scope

Design Engineering  
Engineering Estimation  
Engineering Procurement  
Engineering Project Management  
MEP Installation  
Commissioning  
Testing\Maintenance

## Design/Engineering

Our experienced team of design engineers are where the innovation and the skill lies, with mandatory trainings every year they will ensure your drawings preparation and review are according to requirements and procedures

## Procurement

Our Procurement Engineers oversee the purchasing operation, with years of experience and detailed knowledge of the equipment, materials and suppliers they will make sure site operations are always on the move

## Installation

Our site team consists of 430 different skilled members with more than 80 highly skilled Project Managers, Engineers, foramen, QA&QC and workers

## Estimation

Our Estimation team is our backbone, they will determine the scope of a project, required contents of the estimate, as well as the costs and its impact on the company, to ensure the project will be financially successful and rewarding to all parties involved

## Engineering Project Management

Our team practice a higher level of project management which is Engineering Project Management with a high focus on management of all aspects of the project not just management of the engineers or the engineering work

## Testing/Maintenance

Our team determines the best set up of test environments, test plans designs for your project's products and systems ensuring its functionality and high performance according to the project requirements

- 1- The above mentioned Company /Establishment is authorized to practice the Electrical Contracting Works in the State of Qatar for the duration of this license.  
1- تخول الشركة / المؤسسة المذكورة أعلاه بمزاولة أعمال مقاول كهربائي ضمن حدود دولة قطر مادامت هذه الرخصة سارية للمفعول.
- 2- This License is valid for electrical works that do not exceed 415 Volts.  
2- تسري هذه الرخصة على التجهيزات التي لا تتعدى 415 فولت.
- 3- The holder of this license is not authorized to execute works with Oil Saturated Sheets Insulated Cables (PILC Cables). If the project requires the application of this type of cables, the holder of this license should refer to Qatar General Electricity and Water Corporation for permission.  
3- هذه الرخصة لا تخول حاملها مزاولة أية أعمال تتعلق بالكابلات المعزولة بالورق المشبع بالزيت (كابلات الـ PILC)، وحتى كان المشروع يتطلب استخدام هذه النوعية من الكابلات، استوجب على المقاول الحاصل لهذه الرخصة أن يتقدم إلى المؤسسة العامة للقطر الكهربائي والماء للحصول على تصديق بذلك.
- 4- Failure to comply with the condition mentioned above will cause the termination of this license.  
4- عدم التقيد بهذا الإجراء سبوي إلى إلغاء الرخصة.
- 5- The holder of this license has no right to sell, transfer, or allow any third party to use it. According to the recommendations of the special committee, and under the applied regulations and by laws, Qatar General Electricity and Water Corporation preserves all rights to take any legal or corrective action against the violation of this condition.  
5- لا يحق لأي شكل من الأشكال للشركة / المؤسسة حاملة هذه الرخصة بيعها أو التنازل عنها أو السماح لأي طرف ثالث باستعمالها. و للمؤسسة العامة للقطر الكهربائي والماء الحق في ظل النظم واللوائح التنفيذية المعمول بها اتخاذ التدابير والإجراءات اللازمة و المناسبة تجاه أية مخالفات من هذا النوع استنادا للوصيات

**الاجتهاد المختصة بهذا الشأن.**  
**ملاحظة :-**  
 سيتم إعادة تأهيل الشركة بعد انتهاء الرخصة من قبل قسم التجهيزات / المؤسسة العامة للقطر الكهربائي والماء  
 The company will be re-qualified by the Installations Section after the expiration of this license.
